REMARKS

Entry of the amendments is respectfully requested.

The specification has been amended slightly to correct typographical errors relating to the tensile strength of the adhesive. The amended portions of the specification are now consistent with the test data disclosed in the specification as filed, such that no new matter is believed to be introduced by these amendments.

Applicant has made a concerted effort to place the present application in condition for allowance, and a notice to this effect is earnestly solicited. In the event there are any remaining informalities, the courtesy of a telephone call to the undersigned attorney would be appreciated.

Respectfully submitted,

PHILIP C. GEORGEAU ET AL.
